Great buy. Dazzle your friends and families by regaling them with puns from this excellent volume. You will laugh out loud as you read. Read a pun a day, or read them all in one sitting! Read it at the beach or on the toilet! However you consume "The Little Book of Giant Puns", you will not regret your purchase.

This is the greatest book of puns ever amassed!! Chuckles abound, one can read it again and again! A perfect gift for the holidays! Benjamin Branfman is quick, clever, and delivers tons of laughs, he's truly one to watch!

Full of very clever puns, not just jokes that would entertain kids or people with limited intelligence. This book has become the end-of-day pick-me-up at my office outros for my coworkers. They actually request I read from it before they leave for the day. Definitely recommend.

Thanks to this book I am now able to pretend I'm naturally witty

This author makes the most consistently funny and surprising puns I've ever come across. Sometimes, you'll think you've realized where the pun is going, and it ends in an entirely different

(and cleverer) way. An easy gift book, the Little Book of Giant Puns won't disappoint anyone who likes word play or clever humor!

The 12 year old who received it for his birthday starting reading out loud after unwrapping and we all sat around the table and laughed and laughed, all three generations appreciating the great humor.

Bought this book as a birthday gift for my boss. She's loving every second of it! The only down side is that now I have to hear the same puns (which are her favorite from the book) every day at work.

XD

Branfman has collected a whole lot of original wordplay in a small book. You'll wish it was longer.
