This is the Paperback version of this book . I was Drawn to this book initially for the beautiful Crystal Mandala Pictures . But the text , the content is so rich and filled with great wisdom and so deep . If you are a healer or on a path to heal your self , this work will bring generous insight on the path to help your self and others .The personal stories are wonderful as are the stories of the " Goddesses " . Even though this is the Paperback version , in the back of the book are the full page" Crystal Goddess Color Mandalas " which are gorgeous ! I had missed seeing them at first because they are at the back of the book and at the beginning of each chapter is a black and white version of these Mandalas . When I found the Full Color ones at the back of the book , I was very happily surprised ! This book is full of gems , golden and beautiful gems of wisdom , insight and deep compassion . I believe this is the best book on Manifesting have read to date because it deals with the deeper issues that can block you from being able to manifest the things you want in life and gives you ways to clear those blocks . If you are willing to do the work I think this book will help you manifest everything you wish to .The insights of the author are deep, giving expression to a greater depth of

understanding and clarity on certain issues than I have ever experienced before . The chapters deal with each Goddess and related crystal, personal stories of the authors experience and there is great and new information that I had never come across for the most part on both the Crystals and Goddess subjects .
