The Perfect Wedding Dress

Synopsis

Everything about choosing the best style for the bride to be. This is the ideal guidebook for the bride as she begins her search for the perfect wedding dress. Filled with inspiring ideas and visual references, it will help her develop a vision of her dress while making sense of the overwhelming choices available. She can use it to show storekeepers what she wants or to work with a dressmaker on a custom design. Easy to use, *The Perfect Wedding Dress* is organized by dress style -- ball gown, princess line, mermaid, and so on -- and by dress part -- necklines, backs, veils, trains, and more. A helpful glossary in each section defines the terms used to describe the dresses. The author methodically helps the bride assess what style would suit her best, considering her figure shape, depending on whether she wants a train, and so on. Along with the stories behind the designs, she discusses what fabrics best suit each design and offers suggestions for appropriate headwear, jewelry, and shoes. The book features dozens of beautiful photographs and detailed descriptions of dresses, including those of celebrated brides such as Princess Diana, Jennifer Lopez, and Grace Kelly. Designs featured include Baggley, Mischka, Christian Dior, and Vera Wang. Brides of all ages and means will find *The Perfect Wedding Dress* inspiring and reassuring, and an indispensable part of their wedding planning.

Book Information

Paperback: 224 pages

Publisher: Firefly Books (March 4, 2006)

Language: English

ISBN-10: 1554071305

ISBN-13: 978-1554071302

Product Dimensions: 7.2 x 0.9 x 10.4 inches

Shipping Weight: 2 pounds

Average Customer Review: 4.3 out of 5 stars [See all reviews](#) (3 customer reviews)

Customer Reviews

The Perfect Wedding Dress is more than a history or consumer's survey: it packs a sourcebook of design ideas with inspirations for a made-to-measure gown, discussing body shapes, fabrics which

work best for wedding dresses, and other kinds of options such as suits. Over 300 photos of modern brides display both vintage and contemporary choices, offering plenty of idea resources perfect for public library lending collections.

This is a surprisingly delightful resource for anyone interested in designing their own dress or just research what style of dress is most becoming on them. Though this would be interesting to anyone looking for a dress, the real beauty of this book lies in the details that a wedding magazine won't include. These aren't fashion spreads from a magazine more interested in an overall look and not showing the details of the gown. There are no oddly posed, slumped back models masking the lines of the dress from view in this one. Dresses date from the early 1920's to 2005. Several older photos are of famous gowns worn by Princess Dianna, Audrey Hepburn, Princess Grace, Mia Farrow, Elizabeth Taylor, Queen Elizabeth, plus more modern celebrities such as Kate Winslet, and Liv Tyler. Excellent photos allow enough detail and a full view of gowns to inspire your own designs. This book offers separate chapters on necklines, sleeves, backs, accessories, veils, trains, and details. Chapters also separate the style of dress by ball gown, princess, empire, mermaid and fishtail, column, a-line, mini and midi, and suits. Each silhouette is further discussed by a description of style, history, classics, who should wear it, and fabrics. Numerous pictures depict full length shots of gowns and close-ups of details. I wish I'd had this when making my first daughter's dress. I'm glad I'll have it for the next daughter's dress.

Disappointing in styles. Thank you. There were no natural coloured photographs to give one the right kick for a challenging style. Cheers!
