Customer Reviews

Fantastic publications for Spanish language persons who want to share their superb cuisine with others. The illustrations are crisp and clear for the preparation of the dishes. The photos are fine and beautifully arranged among the text. I gave these three books to my gardener who is fluent in the spoken English language but does not read or write well enough the English language to enjoy some of the fine cookbooks and recipes offered on Mexican and Spanish dishes. He was delighted he could recreate some of his favorite recipes for his family from these three books.
