Writing, Reading, And Research

Synopsis

Broadening the traditional notion of undergraduate research, **WRITING, READING, AND RESEARCH** thoroughly covers the essential skills for developing a research paper: analytical reading, synthesizing, paraphrasing, and summarizing. Presenting the process of research in a practical sequence, including separate chapters on finding, analyzing, and integrating sources, the authors illustrate each stage of the process with examples of student and professional writing. Using a flexible and goal-oriented approach, the authors have created a text that blends the best features of a theoretically informed rhetoric, an interdisciplinary reading anthology, and a research guide. **WRITING, READING, AND RESEARCH**, Ninth Edition, provides helpful and engaging exercises, frequent opportunities to write, and many occasions for discussion and critical response.

Book Information

Paperback: 640 pages

Publisher: Cengage Learning; 9 edition (August 16, 2013)

Customer Reviews

I think the ebook is great, it wonderful let me try to read for free. So I know what exactly ebook look like, it really convenient to read. Only thing I don't like it is I can't copy the text, I don't know there is limited for rent book or it doesn't have this function.

Rented this on my kindle for class and it was convenient and served its purpose

although it's rented book, the quality of book is quite bad I think..
