What Stands In A Storm: A True Story Of Love And Resilience In The Worst Superstorm In History

Synopsis

Enter the eye of the storm in this gripping real-life thrillerâ"A Perfect Storm on land" that chronicles America's biggest tornado outbreak since the beginning of recorded weather: a horrific three-day superstorm with 358 separate tornadoes touching down in twenty-one states and destroying entire towns. April 27, 2011 was the climax of a three-day superstorm that unleashed terror from Arkansas to New York. Entire communities were flattened, whole neighborhoods erased. Tornadoes left scars across the land so wide they could be seen from space. But from terrible destruction emerged everyday heroesâneighbors and strangers who rescued each other from hell on earth.

For armchair storm chasers will find much to savor in this grippingly detailed, real-time chronicle of nature gone awryâset in Alabama, the heart of Dixie Alley where there are more tornado fatalities than anywhere else in the US. With powerful emotion and captivating detail, journalist Kim Cross expertly weaves together science and heartrending human stories. For some, it's a story of survival; for others it's the story of their last hours. Cross's immersive reporting and dramatic storytelling catapult you to the center of the very worst hit areas, where thousands of ordinary people witnessed the sky falling around them. Yet from the disaster rises a redemptive message that's just as real: in times of trouble, the things that tear our world apart reveal what holds us together.

Customer Reviews

What Stands In A Storm is to tornado alley what The Perfect Storm was to Gloucester. Gorgeously written, smoothly paced, well balanced! You don't just read this book, you feel it...live it, make it your

own. Now when I see severe storms clawing their way across tornado alley I say an extra prayer for protection for the folks in their paths. I have now read it 4 times cover to cover. I HIGHLY recommend this book!!!

BEST EVER when our book group happened to be on the 5 year anniversary, and a friend happened to be in Alabama at the house site to check out the recovery of the area, and happened to meet the author there putting flowers by the three trees planted in the students memory AND, the author happened to kindly spend time by 3 way video and gave our book group an update and power point on the families and a good insight into the storms and peoples lives. Kim Cross was darling, insightful, informative, generous with her time and very respectful of her subject matters and especially the people she met writing the book...God moves in mysterious ways...not much is by happen chance.

Wrenching, terrifying and deeply visceral, What Stands in a Storm is at once one of the most powerful and moving stories and one of the most emotionally difficult books I have read. The author's genuine empathy and admiration for the people and the community she has written about jump off the page and have created a book that will haunt you long after you have put it down.

I'm afraid of normal thunderstorms. I don't know why I bought this book! But I'm glad I did! Touching stories, and the writing is just excellent. Beautiful phrases that just made me pause to underline. Informative, inspiring.
