100 Winning Duplicate Tips (Master Bridge Series)

Synopsis

Shows how by understanding match-point scoring and adjusting your bidding and play to its demands, you can greatly improve your results. Many competent players are frustrated by an apparent inability to score well at duplicate pairs. No matter how hard they try, the secret of success seems to lie forever beyond reach. The truth is that playing good bridge is not enough to win at pairs. The regular winners are those who have learned to adapt their strategy to take account of the vagaries of match-point scoring. A small shift in emphasis can make a big difference to results. In this book Australian expert Ron Klinger shows you how to do it. There are five sections covering constructive bidding, competitive bidding, opening leads, declarer play and defence, and they are full of well-chosen example hands and sound advice. Put these tips into practice and your results are sure to improve.

Book Information

Series: Master Bridge Series

Paperback: 144 pages

Publisher: Weidenfeld & Nicolson (August 14, 2003)

Language: English

ISBN-10: 0304366129

ISBN-13: 978-0304366125

Product Dimensions: 5.4 x 0.5 x 8.5 inches

Average Customer Review: 4.5 out of 5 stars [See all reviews](#) (10 customer reviews)

Best Sellers Rank: #645,391 in Books (See Top 100 in Books) #214 in [Books > Humor & Entertainment > Puzzles & Games > Bridge](#)

Customer Reviews

I read this book almost 10 years ago around its release date, and it opened my eyes to what conventions to play and how to play them. Each chapter contains helpful hints to clarify your thinking on the topics of constructive bidding, competitive bidding, opening leads, declarer play, and defense. "100 Winning Bridge Tips for the Improving Player" is a follow-up book, but I would recommend trying out a new author. A classic must-read for any serious matchpoint player is *How to Win at Duplicate Bridge* by Marshall Miles.

Clear, concise, each tip is one page with examples. Has already helped my game (intermediate

player, 300+ MPs). You can cover a little or several tips in just a few minutes, and most of the scenarios come up with reasonable frequency.

Good Tips. Goes through explanation of multiple examples. Being writing by an Australian the phrase "no" instead of "pass" can be confusing.

Being a duplicate player, I am so glad I purchased this book. Reading it has improved my game tremendously. A friend loaned me his copy. After reading a few pages, I knew I had to have it.

Will clearly improve tactics for the intermediate player. Easy to read and follow suggestions. Lots to remember. Will consider it a "text book" that I will be referring to often.
