Train To Pakistan - 2004

Synopsis

THIS BOOK CAN BE READ ON ANY COMPUTER, LAPTOP, TABLET. SMARTPHONE OR OTHER DEVICE. Way back in 2004, my son and I embarked on a railway trip to Pakistan, a foreign country for us - albeit one that shared a common language, culture, food habits and more. It has been a while since then, but here's a tale that needs re-telling. I hope you enjoy it as much as I enjoyed writing it. I have left out the last chapter because it became too personal. And it will be the beginning of the next book. I hope. Please read and review and let me know what you thought?

Customer Reviews

Veeresh Malik is a seasoned global traveller and has written about his personal journey in a way that places the reader in his company, be it on the train to Pakistan or in a taxi in Lahore or elsewhere. He has captured the nuances of a difficult journey in great detail, which will be appreciated by those who might never make such a visit or those who will. Not to be missed.

This describes a short trip to Pakistan during the 2003-04 cricket series, which enabled the writer and his teenaged son to visit Lahore, Rawalpindi and places in between. If you want to read about

cricket this isn't the right book (try Rahul Bhattacharya's Pundits from Pakistan if that's what you want). It is full of interesting vignettes of life in Pakistan in 2004 when conditions had not degenerated so far. This writer is a columnist and blogger with a considerable following, and his fans should love this and his other books on Kindle. Formatting could have been better.

Veeresh Malik's packed account of a trip to Pakistan will be entertaining for anyone who wonders about that turbulent and politically sensitive country. Surprise: at heart people are pretty much the same everywhere, well-meaning, friendly and hospitable. Going as part of the Indian contingent to watch a cricket match in Pakistan between the two neighbours and staunch rivals on and off the cricket field, Veeresh and son meet a host of interesting characters and find themselves in fascinating situations. Recommended.

fascinating to read about that part of the world and at that time...need to read more about fascinating and it's history Pakistan!

It is a disjointed narration. Fails to mirror Pak. society.
