Object Relations Couple Therapy (The Library Of Object Relations)

Synopsis

In this landmark book, David Scharff and Jill Savege Scharff, both psychoanalysts, develop a way of thinking about and working with the couple as a small group of two, held together as a tightly knit system by a commitment that is powerfully reinforced by the bond of mutual sexual pleasure.

Customer Reviews

I have bought other books recently on couples therapy and this one stood out as being thoughtful and viewing the subject from a depth rather than a surface "quick fix." I would strongly recommend this book.

This classic book is a comprehensive work, using the Object-Relations terminology of Fairbern and Klein, and applying it to the couple therapy field. The authors combine a deep psychoanalytic understanding together with a brave habdling of sexual issues. The bokk includes guidelines for diagnostics, interesting case material for the couple therapist. I recommend the book for begginers in the field, students and practitioners.

Great
