Questions & Answers: Contracts (2014)

Synopsis

Understand better what you're learning in Contracts class and prepare effectively for exams by applying concepts as you learn them. This study guide includes 230 multiple-choice and short-answer questions arranged topically for ease of use during the semester, plus an additional set of 20 questions comprising a comprehensive "practice exam." For each multiple-choice question, Professor Rowley provides a detailed answer that indicates which of four options is the best answer and explains thoroughly why that option is better than the other three options. Each short-answer question is designed to be answered in fifteen minutes or less. For these questions, Professor Rowley provides a thoughtful, comprehensive, yet brief model answer.

Book Information

Series: Questions & Answers

Customer Reviews

This is a great multiple choice book written by Scott Burnham an excellent contracts professor All his books are 5 star rated. This is a quick short and to the point book with short questions and answers and perfect for the Bar review. I suggest getting his Contract Law for Dummies to compliment this book. If you get this book for objective hypos and E&E contracts for essays, it will be a great combo! Contract Law for Dummies is the quickest easiest book on learning contracts only 326 pages. Q&A is also short and to the point. If you want to ace contracts without hassles, get E&E contracts, Contract Law for Dummies, Q&A contracts, and Emanuels. I had to order at a higher shipping price because it was out of stock on . Note that a common error on Lexis is the author. The 2nd Edition 2014 is Burnham , not Rowley which was the first edition. Be sure when you order it says Burnham as the Author. This is a common error on both sites. This book is money well spent! A 1L

first year must have and a must have Bar review time saver. Anything with Burnham contracts or other law subjects by him is a good buy! Covers all contracts course topics.

I had a multiple choice contracts final so this book was perfect! I did very well on the exam and I think this book was the reason why. Which is a little funny because when I first went through them all, I was only getting about half right. >_

I expected the questions to be more in-depth than blood is in this question and answer book. The book's focus seems to be on first year basic needs.

This book was helpful, the exercises were good...and I got an A in contracts! Definitely good if you want to quickly test yourself on the basics of contracts concepts.

love it
