What can I say, it's a dice set?Here's what I can say: It comes in a nice felt bag, which is great for newbies w/o a bag or veterans like myself who like to keep their dice separated by sides or systems. I'd say that the color scheme and overall construction quality is on par with Chessex. I own two sets, and pretty much everyone in my old RPG circle has followed my example and bought at least one set each.Tip: if you play Exalted, you'll probably want to buy 2 or more sets of these dice, since you'll be rolling 10-20 dice per action depending on how specialized your characters are.

I'm a d10 set freak, and this was one of the harder ones to find a while ago. Good to see that they have become a lottle easier to find. OWoD fans will love them.

Call me superstitious, but I swear that these dice are magical. Always rolling 7+ for me. The felt bag with the Exalted compass really compliments the feel for the game as well. A welcomed addition to my gaming circle!

especially in Exalted. I already had a couple of bags of these dice and will probably buy some more.

They are really nifty to look at and lucky to boot! :-)

Cool Dice roll 10s 8s 4s all the time ?
