5 Ways To Get To Work - Without A Car: Plus A 6th You Probably Didn't Think Of

Synopsis

Our cars are not only making us fat, but also poor, and it just doesn't need to happen. Just getting to work has become one of the most annoying, tedious, and stressful activities in modern life, yet only 14% of Americans DON'T use a car to get to work. Why? and -- more importantly, HOW? In this little book, I present some easy ideas designed to get you out of your car and back into your LIFE. What you'll get is a bit of motivation, inspiration, and perhaps some perspiration out of this book without being preachy or dramatic. I won't even advocate getting rid of your car! Instead, I provide a very realistic view based on simple facts and personal experience. Check it out.
