Thai Recipes: Convenient Recipes For Delectable Cuisine (The Easy Recipe)

Synopsis

Welcome to the world of Thai cuisine. These exotic meals from the Far East feature all kinds of varieties of dishes, as well all kinds of flavor, as you will soon discover. Thai food isn't meant to be simple, at least not in terms of flavor. Thai chefs live by one mission: to achieve a perfect balance of the four main flavors, sweet, sour, salty, and bitter, in every meal. Each meal is viewed as an attempt at achieving harmony in those flavors, where the seemingly different flavors fit together in a perfect juxtaposition of tastes that are smooth and unobtrusive, yet decidedly complex just below the surface. That means there will be interesting pairings of tastes that we wouldn't normally think of as cohesive ingredients, yet there they are, bold, creative, and ready to be tasted!

Customer Reviews

These recipes were a little too exotic for my husband and daughter. Neither of them like fish or spice so I should have known. I liked the ones I tried, but I guess when I have a craving for thai food I will have to get take out.

I have wanted to try making Thai food at home for a while and this book had some easy but yummy recipes to try. I really liked it. Now, if you are looking for a comprehensive book with lots of recipes - this may not be for you. But I wanted something with a few I could try and I will probably be buying a more comprehensive recipe book after I go through these recipes.

I chose this rating because it was a straight forward book about Thai cooking and that is exactly what I was looking for. Happy I found this book and really look forward to making dishes.

And those who've tasted the results love it. Very simple and easy-to-use. Well written. Wish I had the culinary gene, but unfortunately not. I love eating the results.

The recipes are straightforward, which is what I was looking for. The language is easy to understand if uncreative. All cookbooks really do need a Table of Contents and an Index, even e-books. The missing navigational piece is the reason for this 3-star review.

This book had some very good recipes, even though some of the instructions were a little difficult to follow, Typo's I would guess. But all in all Nice to have in my cook book collection

Easy Thai recipes. Love the flavors. Great for Thai beginners... quick too. Also, great sauces and Thai pad. I will refer to this book often.

I enjoyed following the recipes in the "Thai Recipes" cookbook. The dishes were all flavorful and the directions were easy to follow.
