PREPPING ON A BUDGET : PENNY PINCHING PREPPING: CHEAP And FREE Ways To Stockpile Now Before The SHTF AND TEOTWAWKI

Synopsis

You have never read a prepper book like this. This is NOT a book of "lists.". This book is truly a hands on "how to" book. It is full of brilliant ideas you probably have never thought of. Owens assumes you can do it. With this informative and motivational cheering and coaching behind you, you WILL be able to prepare IF YOU START NOW. This book carefully instructs you in how to accomplish your frugal prepping goals. Keep in mind, that smart prepping does not need to cost much and for many items prepping can be free IF YOU ARE A SMART PREPPER. . Be Smart. Read this book!

Customer Reviews

I thought thsi was a good book with a lot of practical suggestions of things to do and handle, not only in an emergency situation but planning for life as well. Gives lots of links, and for people to decide what is appropriate for them. It does have a female orienation, and that does not mean it does not cover important items -- just it has a little more style in getting them done.

The only reason I am not giving this book 5 stars is that the table of contents is wrong and many chapters are missing. What is included is excellent. I am hopeful the author will see this and will

upload the rest of the eBook to .

This book is by far the most helpful book that I have read so far including videos that I've watched. To me one of the most helpful things was how to get antibiotics because that was a great concern for me. I can't really find anything negative about the book and that's saying something for me. I would recommend any beginners especially the women to read this book I know you feel the same way I do
