Bride & Groom: First And Forever Cookbook

Synopsis

Here is the perfect gift for the happy couple--the first and only cookbook they will ever need. Best-selling authors Sara Corpening Whiteford and Mary Corpening Barber start the bride and groom off right with essential information on the equipment they'll need to begin cooking in their new home, as well as invaluable tips on getting the pantry stocked. Then they offer 125 recipes--those special dishes to turn to again and again. Ready to entertain the new in-laws? A weekend brunch featuring Sausage and Cheddar Cheese Strata comes together in a snap and is certain to impress. If something a little more romantic is in order, Brie and Champagne Fondue for Two shared in front of a roaring fire is as cozy as it gets. Everyday favorites like Classic Lasagna, Grilled Chicken with Roasted Red Pepper Salsa, and the impossible-to-resist Silken Chocolate Tart will have even inexperienced cooks looking like pros in the kitchen. Whether cooking on the fly with Dinners in a Dash--a meal on the table in 30 minutes or less: perfect for the working couple!--or hosting that first-ever holiday dinner, this is the cookbook newlyweds need to chop, peel, saut, and roast in harmony in the kitchen. Complete with beautiful photographs and menu ideas for special occasions (including the first anniversary), the Bride & Groom First and Forever Cookbook will have the happy couple--and their family and friends--eating well from this day forward.

Customer Reviews

A useful cooking manual and a feel-good read!! I ran across this cookbook one rainy Saturday, and newlywed nostalgia and the beautiful format drew me in. After buying the book and reading it in two sittings, I've begun to cook my way through it. The recipes are considered and fresh, not complex or pretentious. I like the emphasis on seasonal ingredients, especially since this book provides a table

of when various fruits and veggies can be expected to be at their peak. Rather than overwhelming you with recipes, the book offers a small, balanced selection to take you from appetizers to dessert. The culinary authors were caterers and their recipes seem likely to appeal to a wide range of palates. The overall message is that cooking isn't mysterious: with a little preparation it can be done well. For example, you're encouraged to caramelize a large batch of onions and then keep them on hand in the fridge--an easy but pleasingly sophisticated addition to weeknight dishes. Another thing I found to like about this book came unexpectedly. Less tangible than all the cooking help but equally gratifying is the revelation of the amazing bond between the book's twin sister authors, who have apparently been cooking together since they were kids. Their views on how food helps shape and define our relationships (fortunately, nothing preachy or pseudo-psychoanalytic) are a simple acknowledgement that food can be a chance to do something nice for other people. The book's modernity is really refreshing. There are sections on cooking with your mate and how to stock a pantry so that you can still eat in when you don't really feel like cooking.
