I'm not sure what it is about this book, but my toddler loves it. It's a basic story about a child and grandpa making pizza together. It's written in the same style as other Karen Katz books-- "Where's grandpa's rolling pin?" and then you lift the flap to find it. We have several of her books but this one is the standout hit that we have to read over...and over...and over again.

Nice little board book. All that it stated. Timely arrival. I used this little book with our curriculum on Me and my family. The books is of good quality. The infants were able to take part as they were able to handle the books and look at pictures too. I will order books from this company again

I got this book for my father's birthday to read to my daughter! It's a really cute way for them to bond! (I also got the Grandma and Me book for my mom). I think it'd make a great gift for either a birthday, Father's Day, or even a cute way to tell your father he's going to be a Grandpa!

I like this book very much however it wasn't what I ordered the school where I work already has Grandpa and Me and Grandma and Me so I ordered something different than both of these books so I just donated them to the toddler library.

This is a cute story for a grandpa to read to his grandchild, but it is just about a grandpa making pizza with his grandchild - no other activities. Since our baby's grandpa doesn't cook, this book was a miss for us.

My 18 month daughter absolutely loves this book I also have a few others like Where's Baby's Mommy and Where's Baby Belly button they are all wonderful books my husband and I must read them to her atleast 5 times a day.

A sweet book about a little girl baking a pizza with her Grandpa. Nice lift the flap style for little hands. So far my 9 month old daughter has not been able to tear the flaps. Bright, vibrant colors.

I purchased this book as a Father's Day present for my dad. He doesn't need anything so it is always hard to find a gift. This book with its adorable pictures and liftable flaps ended up being a big hit. My son and my dad read this book together at grandpa's house and it melts my heart to see them enjoying each other's company.
