I own several of the Quick Study Guides. The expository essay guide details how to develop your ideas, structure the essay, and assists with transitions. It includes helpful hints and tips on avoiding writing pitfalls.

This Quick-study information sheet is an excellent tool for reviewing the elements of an Expository Essay. With its easy to understand definitions and multiple examples, you're up to speed in record time. The sheet, itself, opens like a book (four pages), is laminated for durability, and has three holes so you can put it in a binder for easy access. There is a lot of information packed onto these four sheets. It reminds me of Cliff Notes. It's definitely worth the money, and it definitely saves you time.

The product is as described! I do not have anything else to say about this product. It is good. This fulfills the word requirement.

THIS IS LIKE THE PERFECT THING EVER TO HAVE ON THE SIDE AND FOLLOW THRU STEPS FOR A GREAT EXPOSITORY ESSAY!! I LOVE IT!!

I have a lot of these for different classes. It's very informative.
