# Psychopharmacology: 501 Questions To Help You Pass The Boards

## Synopsis

Lippincott Williams & Wilkins is proud to introduce Psychopharmacology: 501 Questions to Help You Pass the Boards. Focusing on the area that many psychiatrists regard as the most complex and challenging to master for the Boards, this book offers extensive evidence based multiple-choice practice questions, covering all drug groups and including clinical vignettes similar to those on the ABPN exam. The authors provide clear and detailed explanations for correct and incorrect answers.

## Book Information

## Customer Reviews

Excellent review book for the psychiatry boards, cert and re-cert, or for general review, covers psychopharm only. Questions are of a fairly high level of difficulty, answers provide adequate explanations, could be more extensive at times. Comes with online access to the electronic version, helpful for use on the tablet.

relatively a small book for that price.. I was disappointed by the online access, old fashion looks like in the snapshot picture, non compatible with phones and tablets, needs flash player, some questions will keep coming, and some never come up.. however, I like that questions are related to clinical practice..

Very helpful review. Covers a broad range of items. I would strongly recommend.

This book is not helpful while you are in school. The contents are broad. May be helpful to review the drugs after done with the school and waiting for the board exam.
