Customer Reviews

I can't seem to get enough of Bens story. His relationship with Jeremiah and his romance with River. She is perfect for him. I can't get enough of Bella's books. You fall in love with the characters and she brings in new ones to spice things up. Just when you think you have it all figured out Bella gives you a twist in the story and leaves you gasping for air. Bella is a genius. Love her. I can't get over how She can write such fantastic stories every month. I would love to see inside her head. But I'll just wait for the next book.

Another winner by Bella Forest. I remember when I started this series thinking to myself...19 books?

This author must just be trying to stretch them out for no reason. But alas, I was wrong! There are 19 books because they are so awesome and she just keeps spitting out one amazing idea after another. In this book we find out why Ben is the way he is and are introduced to a whole bunch of new characters. Definitely give it a read!

You think things are finally smoothing out for Ben, but - NO. He has too many questions and not nearly enough answers. To get those answers, even though others want to help him, he realizes that the oracle's information is also a small warning. What he is to become might very well be the death of those he loves. He can't take a chance, so he is sending them back to The Shade and hopefully - safety from him!

better than the past view books, thank goodness. I wanted to see it to the end, but the last 3-4 have been painfully slow to read.....talking about characters I don't care to know about in the detail the writer was going into.

Another Forrest delight! Can't wait for #20. This series is captivating. The characters are well developed. The writing is great. It is direct. The series is full of surprises. This series is a MUST to read. Fabulous!

Another incredible installment of A Shade Of Vampire from Bella Forrest. This is a must read series. You'll fall in love with the characters and be sad when you've reached the last page, only because it's the end of the book!

This series is amazing. It has kept me entertained and reading for a few weeks now. Well written, follows story line even with lots of plot twists, introduces characters well, just overall great book.

I wish I could truly express how much I love these books. Each new installment gives you more insight into the characters. The last couple were about Ben and his journey, finding his way back home, and then having to leave again. Its heart wrenching, loving, sweet, and the family you would love to be a part of. You feel like you are a part of this family in the way Bella writes. There has been so much that has happened, and the Shaddicts can only hope there is soooo much more!
