Examples & Explanations: Contracts, Sixth Edition

Synopsis

A favorite among successful students, and often recommended by professors, the unique Examples & Explanations series gives you extremely clear introductions to concepts followed by realistic examples that mirror those presented in the classroom throughout the semester. Use at the beginning and midway through the semester to deepen your understanding through clear explanations, corresponding hypothetical fact patterns, and analysis. Then use to study for finals by reviewing the hypotheticals as well as the structure and reasoning behind the accompanying analysis. Designed to complement your casebook, the trusted Examples & Explanations titles get right to the point in a conversational, often humorous style that helps you learn the material each step of the way and prepare for the exam at the end of the course. The unique, time-tested Examples & Explanations series is invaluable to teach yourself the subject from the first day of class until your last review before the final. Each guide helps you learn new material by working through chapters that explain each topic in simple language challenges your understanding with hypotheticals similar to those presented in class provides valuable opportunity to study for the final by reviewing the hypotheticals as well as the structure and reasoning behind the corresponding analysis quickly gets to the point in conversational style laced with humor remains a favorite among law school students is often recommended by professors who encourage the use of study guides works with ALL the major casebooks, suits any class on a given topic provides an alternative perspective to help you understand your casebook and in-class lectures

Customer Reviews

This text provides in-depth discussion of Contracts. It is probably more thorough than your professor, but you can pick and choose which sections you want to read. It's not set up so that you must read the entire thing front to back. They have a case index that can be useful if you want to see what you're reading is in the book. Additionally, the general index in the back is extremely helpful. My only critique is that one subject might be discussed in multiple sections of the book, causing you to flip lots of pages and speed read quite a bit. However, it's a useful tool if you find yourself to be struggling with contracts!

Drastically helped me with my Contracts I & II courses in my first year of law school. If you are studying for an exam this will go a long way in helping you. Also a great compliment to whatever text books you are using in your class to just help you understand the fundamentals of a contract better.

This book has been absolutely wonderful. Contracts is a challenging class, but this has been very, very helpful. I recommend it if you are struggling with contracts because it breaks it down into manageable sections.

Approaching final exam time, I really just felt like I needed to hear the content of the Contracts course from a different perspective. This book broke everything down and gave some helpful recommendations as to approaching the issue. As with all supplements, I would suggest renting from a library since you may not end up using it much, or at all, before finals week and may not want to pay for a book that you can't return at the end of the semester.

If you are studying for the FYLE this is a must have. It cuts through a lot of confusion and gets to the point. Furthermore, the examples are very close to some of the fact patterns on the exams I have already taken. I wish I would have had this at the beginning of 1L.

Helped me book Contracts! Couldn't have done as well without this book. It is basically described in the title. It explains an area of law and then it lets you test out your understanding. Then it explains the answer.

Very, very helpful book. I used this book my first year of law school and it truly helped me master contracts. I would first of all recommend to read the book before the semester starts, because

during the semester you won't have that much time. If you didn't have a chance to read it before, definitely read it during the semester, just remember that whatever your professor says...goes. There were not that many concepts that my professor disagreed with this book on, but it's important to remember that. As a gift, I sent the author my book, "Let's LSAT". It was my way of saying thanks.

Very Helpful!! Highly recommend for all 1Ls. Do not wait until after midterms to purchase!! Order from the start and work through the examples.
