El Olvido De La RazÃ³n (Spanish Edition)

JUAN JOSÉ SEBRELI
EL OLVIDO
DE LA RAZÓN

Editorial Sudamericana

Synopsis

Las distintas trayectorias y tendencias del pensamiento del siglo XX que Sebreli ilumina dan cabida a muchos de los conflictos intelectuales y políticos, filosóficos y sociales que urdieron la trama de lo que a esta altura, cansadamente, se llama posmodernidad. Sin descartar su aparición y despunte, el autor de «Asedio a la modernidad» critica las modas determinadas frívolamente por capillas francesas que terminan convirtiéndose en ortodoxias gracias a las adopciones de los grupos universitarios. El gran conocimiento de los repertorios temáticos de la literatura, la filosofía y la sociología del siglo pasado permite a Sebreli trazar además un mapa amplio que permitirá a su vez al lector reconocer contenidos e incidencias, asimilaciones y rechazos.

Customer Reviews

an excellent book, again Sebreli questioning the Western "truths" accepted as universal for those who need to have their discourses legitimized by them. an undercurrent topic in the book is the ethics of some Western thinkers (heidegger and freud, for example): the abyss between what they said or proposed and what they actually did as citizens with their lives and with their ideas. a lesson on moral integrity to learn so that they don't fool us.

Lo recomiendo sin reservaciones. Una mente invaluable. Este autor representa un alto nivel de capacidad critica en observacion analisis y expresion. Dr. Paa

Es sabido que Sebrelli interpreta la historia moderna y contemporánea como una lucha dialéctica entre el pensamiento racionalista y el irracional. Sebrelli pasa revista a los grandes pensadores del irracionalismo en sus diversas versiones (romanticismo, simbolismo, nitzcheanismo, existencialismo heideggeriano, estructuralismo y postestructuralismo) justificando el por que de su inclusión en el irracionalismo .
