Customer Reviews

I'll read nearly anything about cats, and I like the idea of teaching kids about caring for a cat, the different breeds, and the various personalities cats can have. That part of this book was good. However, I prefer the writing (even and especially) for kids to be very good. The writing here was...so-so. Typos make me crazy.

This book gives a basic overview of cat care and some cat breeds. It includes a section on handling cats and a brief overview of what not to do when doing so. Contains great color photos.

What a great book for kids. My kids wanted this for their kindle fire and it was free so what more can a mom ask for. Cute details and facts about cats!

The two cats i have are an American Shorthair and a bombay. I love this book because i am a cat lover.Hello fellow cat lovers :)! And i dislike nothing.

This book written for children gives information about caring for a house cats. There id info about feeding,grooming and playing with cats.
