Customer Reviews

I wanted the texrbook. I was very disappointed. I found the disc very hard to work with. The material on it was good but hard to read on the screen.Very disappointing.

I did not receive this book due to the wrong shipping address. was sold out & the book could not be reordered. I needed this book for a class. I had to order the book from Barnes and Noble and paid a hefty price of \$150.00 to get the book from them.Maybe better luck next time.
