Publishing Erotica: Breaking Your Sales Cap (Smutwriting Guide Book 2)

Synopsis

This guide gives away all of my \$10,000/month catalog secrets. 5/5 .com5/5 Goodreads.com5/5 Triptravel.comThis is a no-holds-barred how-to guide for publishing erotica. Many authors feel they have reached a "wall" when self-publishing erotica. This guide aims to help those authors break past their wall and look at things in a new light with concepts, step by step instructions and professional advice from an already successful author.This is not a guide for beginners, but for authors that wish to further increase the value of their stories beyond simply just publishing more. This guide will teach you the approximate amount you should be earning with your current catalog and breaking past that maximum amount. This guide assumes you have already read Publishing Erotica: How to Make Your First \$1,000 which focuses upon creating a successful foundation for your catalog. From here, I will teach you how turn that \$1,000/month catalog into a \$10,000/month catalog!The breaking point is a common issue that frustrates authors even though they are doing everything correctly!I also have created a story with my tactics in place so you may see my style. Customer Reviews

I have know idea if Amy Cooper's advice in her series on publishing short erotica for kindle works or not. She certainly seems to know exactly what she's talking about and I'm going to put her methods to the test.

very helpful! thanks!

Exactly what I wanted from it.

This book was helpful for me, a fellow smut writer who's been out of the writing game for some time. Now that I'm looking to get back in, I'm keen on hearing from successful erotica authors. While no one's success can be replicated exactly, as writing depends heavily on the author's ability to tell interesting stories and hooking readers, "Publishing Erotica: Breaking Your Sales Cap" is a helpful little book. The author is smart, because he doesn't give the farm away (his pen name is only associated with the Publishing Erotica and sample eBook that goes with this series) but he does give insight into what it takes to break through whatever your current sales are capped at. Do the author's suggestions work? I won't know until I get there, and I do think it bears repeating that the author says his current writing income is less than \$10K monthly. The book's worth the money, all in all, although I'd recommend buying or borrowing all the how-to erotica books you can get your hands on. I also recommend getting on the erotica and writing/author forums and participating as much as possible. Writing well is only one facet of successful publishing. Knowing your target market and how to sell to that market is just as important as constructing interesting stories. Last, and I have to say it, the author says you need to purchase all of his books and read them sequentially in order to "get" what he's preaching. While I think all of his books are helpful, there is very little overflow that would keep you from understanding one book vs. another.
