Teddy Bears Postcard Book

Synopsis

The teddy bear is, for many of us, the quintessential childhood toy. He (or she) sits in wagons, attends tea parties, loves to listen to stories, rides on the backs of tricycles, stands guard, and best of all, loves to tuck into bed with their owners. They are enough like us humans to be loved as we love our family and friends, and yet different enough to be funny and lovable. Needless to say, they are favorite characters in children's picture books. We offer 30 of our favorite illustrations. Among the included illustrators are: Honor Appleton, Roy Best, Lawson Wood, and Jessie Willcox Smith.

Customer Reviews

This is simply a classic. All postcards pictures/images/paintings must have been selectively collected from the yesteryears books' illustrations and possibly from good ole children books. Reminds me of times where things were still pure unlike now. Purchase this if you like postcards with images of nostalgic teddy bears and you'll be back to the years where children can still roamed freely and even the adults can think happy thoughts. *sigh* A definitive and a true classic postcard book for postcard and teddy bears' lovers!

A very cute set of postcards, sturdier than those found in the typical postcard book. I would purchase them again.
