## **Synopsis**

Rustlers pushed a herd of Triangle Eight cows and horses through the broken fence. Dan Smithson tracked them til almost dark. He camped and planned to sleep until dawn, but he heard a strange sound. His colt ready in his left hand, he pushed the bushes to one side. A girl and a baby boy huddled there together in the dark, crying for their Pa, who was nowhere to be found. Andre Devereaux paid well for his brother's daughter to be kidnapped and killed so he could inherit the family estate, but she was still alive, caring for the little boy Devereaux had recently made an orphan. It was time to find them and carry out his unfinished business. Dan must recover the Eight's cattle and horses, and protect Anne Marie from her crazed uncle until he can return her safely to her father, a journey that will take him over rough land, with little for protection but his wits and his rifle.

## **Customer Reviews**

I liked it but could only give 3 stars because the author seemed to get mixed up a few times. Like it was morning but when they got where they were going and it was night. Stuff like that. And it needed an epilogue. It did tie up the story, but it ended short.

Exciting adventure. Great character development. The first reviewer should have finished this fine

novel. I'm sure his rating would be much higher.

Couldn't finish this. Not this authors best work. By far. Dialogue is stilted..or unrealistic or something..just not readable.I stopped where the bad guy came into the basement through a hidden tunnel..supposedly with two guards near by.Buy at your own risk.

The books I've read so far by Holt are engaging and well written . I highly recommend them. For Kindle, they are better proof read and edited than most.

The book was well written and very interesting. It kept my interest through out the whole story. Looking forward to more of Holt"s book s.
