The Secret Language Of Birthdays: Your Complete Personology Guide For Each Day Of The Year

Synopsis

Combining astrology, numerology, and pure psychic intuition, *The Secret Language of Birthdays* is a wholly unique compilation that reveals one's strengths, weaknesses, and major issues while providing practical advice and spiritual guidance. Many have suspected that your birthday affects your personality and how you relate to others. Nineteen years and over one million copies later, *The Secret Language of Birthdays* continues to fascinate readers by describing the characteristics associated with being born on a particular day. The 366 personality profiles are based on astrology, numerology, the tarot, and Gary Goldschneider's observations of more than 14,000 people. Your strengths, weaknesses, and major concerns will be illuminated while you are given practical advice and spiritual guidance. After you study your profile, it will be hard to resist examining those of family, friends, colleagues, and even celebrities.

Customer Reviews

I am too much of a skeptic to believe in astrology, but despite that I found *THE SECRET LANGUAGE OF BIRTHDAYS* to be a fun read that provides literally years worth of entertainment. What intrigued me most about this dictionary-sized book is that instead of dividing mankind into 12 groups based upon astrological signs, *THE SECRET LANGUAGE OF BIRTHDAYS* devotes a two page spread to those born on each of the 365 days of the year and February 29th, too. To some this may not seem interesting, but having grown up in a large family of six kids -- five of whom are Aquariuses -- I could never relate to astrology because none of my brothers and sisters has anything in common, yet we are all left to read the same paragraph in the newspaper

horoscope. There are three reasons you may want to check out the SECRET LANGUAGE OF BIRTHDAYS either for yourself or as a gift for a friend: 1. In many cases, if you look up your birthday, you will be shocked to find how accurately a complete stranger describes you. In my case, and in the case of many people I know, this book described us to a tee, including the good, the bad and the ugly; 2. When having friends over, this book can be enormously entertaining. Old, young, fat, thin, black, white, Puerto Rican, everyone loves to read about him or herself. Hearing these birthday-related personality profiles has provided hours of conversation as my friends and I debate whether we are accurately described in this book. Most people agree they are. Even funnier is looking up the birthdays of famous people. It is truly shocking what you will find here. Reading about Bill Clinton's and Monica Lewinsky's birthdays will amaze you because in both cases the profiles were written before the scandal; and finally 3.
