## Customer Reviews

I bought this book to use for a college course even though the reviews were poor. I found this book to be helpful. It had some different alternatives to the usual holistic and natural cures. Give this book a try.

This book is another 'lightweight' with snippets of this and/or that ... not a heavyweight with loads of good information. A better pet book covering all kinds of illnesses for dogs and cats is *The Nature of Animal Healing* by Martin Goldstein. Goldstein's book is a must have for sure.

I am very happy with this purchase. I do not see any big dents or scratches. It fits into the cabinet with no problem and is working as it should. I would do business with this seller again. Thank you

This book is a handy reference book for the homowner who has cats or dogs for pets. It gives you simple home remedies for various ailments, when you pet has a problem in the evening or weekends and the vet's office isn't open.

This is a jewel of a book. A wonderful reference guide to more natural pet care. Pair this one with

the Pitcairn book and you'll have most situations covered.
