Trujillo: The Death Of The Dictator

Synopsis

On May 30, 1961, a hail of bullets ended the life of Generalissimo Rafael Leonidas Trujillo, known to his countrymen as "The Goat" for his many revolting excesses, after thirty-one years of brutal rule over the Dominican Republic. This book is a riveting, minute-by-minute account of the plot to kill Trujillo, who was then the Western Hemisphere's most ruthless dictator, and the ferocious wave of revenge that ensued before his regime collapsed. The book also reveals the vacillating role of the United States - and the CIA - in first propping up the dictator, and then supplying weapons to slay him.

Book Information

Paperback: 264 pages

Publisher: Markus Wiener Pub (June 1999)

Language: English

Customer Reviews

As you'll know if you've been to Santo Domingo, Robert Crassweller's "Trujillo" has long been the best-known biography of the dead Dominican dictator, perhaps owing partly to its omnipresence in the island's hotel gift shops. But "Death of the Goat" by Bernard Diederich is in my opinion the best and most readable non-fiction work through which to explore Trujillo and his bloody regime. "Death of the Goat" has as its focal point the assassination of Rafael Trujillo, that is, the end of a 30-year-long story: the preparations, the backgrounds of the assassins, the frantic attempts to hide once the deed was done. But while focusing on the deed Diederich does an outstanding job of explaining how things got to that point, and does so less with the formality of a historian than with the incisiveness of an investigative reporter. This book is especially valuable for the light it sheds on

the six months after Trujillo's assassination. Far from bringing about an immediate collapse to the regime, the assassination ushered in a six-month reign of terror during which Trujillo's family, led by the bloodthirsty Ramfis, exacted horrifyingly gruesome revenge on anyone they believed to have been involved in the plot. The torture visited on men such as father and son Miguel Angel Báñez and Miguel Angel Báñez Diaz is painful to read about even today and definitely not for those with weak stomachs. The curtain did not really fall on the "Era of Trujillo" until his sons executed their last captives at Trujillo's hacienda in November 1961 and then fled the country with their father's body and a hefty chunk of their nation's wealth. The insightful and shocking look Diederich provides at the period after the assassination is essential reading for anyone seeking knowledge of the modern Dominican Republic.
