Fifty Shades Of Alice In Wonderland (The Fifty Shades Of Alice Trilogy Book 1)

Synopsis

BEYOND 50 SHADES OF GREY...Eighteen-year-old Alice is unhappy. Her boyfriend is nice and polite, but he's also quick and careless in bed, and doesn't give Alice the attention and variety she craves. But he's not entirely to blame, because Alice herself doesn't understand her own needs. She's heard about what sex is supposed to be like, but has never felt anything remotely close to what she's read about in runaway bestselling books.

BEYOND 9 1/2 WEEKS...Then Alice follows a vibrating white rabbit down a deep, dark hole, which leads to a place beyond her wildest imagination. There are no nice boys--or girls--down here. Only those who indulge in secret, forbidden, kinky fantasies.

BEYOND PRIDE AND PREJUDICE AND ZOMBIES...Alice is confused and frightened and... aroused. She is bound. Teased. Spanked. Toyed. Brought to the limits of sexual endurance. And during her trials, she begins to understand her body's needs for the very first time.

BEYOND THUNDERDOME...This isn't the fairy tale you grew up reading. This isn't for children at all. This is for those with dark desires, who wish to explore erotic excess beyond the plain vanilla of everyday life. Follow Alice down the rabbit hole, if you dare...

Fifty Shades of Alice in Wonderland is slightly longer than the Lewis Carroll version, roughly 32,000 words or 115 paper pages long.

Melinda DuChamp is the pen name of bestselling author who has written over 50 novels, mostly romance.

Customer Reviews

I thought this was funny at about 25%, and then was ready to put it down by 45%, but I toiled on, dear reader, through all the sexual escapades, so that I could write a fair review for you. I'm a novelist myself, and I don't give only two stars lightly. The book certainly has its hot moments, and following the "Alice" story is amusing. But it didn't work for me, and this is why.*SPOILERS BELOW*While "Fifty Shades of Alice in Wonderland" wants to make us laugh while showing a naive young thing discovering the joys of good sex, it's really more of a male fantasy. Once she goes down (ahem) the rabbit hole, Alice suddenly busts (oh my) out of her dress because her breasts get larger -- and we all know nothing else is more pleasing to a teenage girl than to be bigger in the boobs. She is given high-heeled leather boots, but is otherwise nude, and comes (ahem!) to really enjoy prancing around in them as everyone in Wonderland compliments her on how excellent her butt and legs look. When a strange biker guy gives her, among other things, a large black plastic dildo to suck on, she finds it so exciting that she nearly has an orgasm. For real women, turning someone else on is certainly exciting, but sucking plastic not so much. Finally, the pornastic fantasy of two men inside her at once is highly pleasing to Alice because she feels "completely full." I would bet she does. So full that it I don't think people do that much outside of porn world. And the rainbow

thing? So over that. I get it -- it's a fantasy, and not to be taken literally. It's supposed to be funny.

One of the best things about fairy tale retellings is the many possibilities that a writer has to take what is familiar and use them to create something different. And with the popularity of erotica, it stands as no surprise that erotic retelling of fairy tales are popping up (no pun intended). With that said 50 Shades of Alice in Wonderland provides an erotic retelling of Alice's journey in Wonderland with a blend of Wonderland quirkiness. This may be a short story, but it manages to pack in a lot of erotic action. There's a variety of kink in the story including BDSM, threesome, voyeurism, and exhibitionism. Through all the sex, at the core of the story is Alice (playing the familiar role of the sexually dissatisfied female who's unaware of her true sexual desires) discovering her sexuality. As she engages in sexual acts with a variety of characters in Wonderland such as Caterpillar, Hatter, and the Red Queen, she gradually learns to not fear her own body and to take control of what she wants sexually to help her with her own love life with her boyfriend Lewis (who makes the 1 minute lover look like Cassanova). Of course you can't have a story involving Wonderland, even an erotica story, without some strangeness and humor. And considering the type of book it is, the bizarre nature of Wonderland and its inhabitants center around sex. I was expecting to have more humor than what was in the story. The majority of the wackiness was found towards the latter half of the book. What was there was funny and strange hence why I wanted a little more of it in the story. But I guess too much humor can take the sexiness out of the story. If you're looking for a short story that packs quite a sexual punch with a sprinkle of weirdness, then this book is for you.
